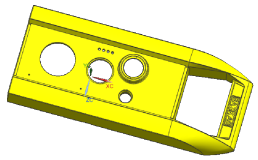
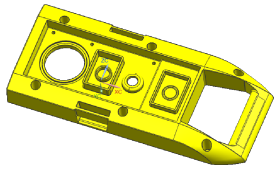
Mold Schedule

Intending First Shot:	27/Jun/2017
Tool Number:	
Part Name:	**Top+Bottom Housing**
Mold No.:	
Actual First Shot:	
Engineer:	





Week	May																	June																					July			
Date	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30	31	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30	1	2	3	4
Design Review 設計評審																																																				
Mold Design 模具設計																																																			
Purchase mold Base/steel 訂購模胚/鋼材																																																		
CNC Programming CNC 編程																																																		
Hole Machine 孔加工																																																		
CNC Machine CNC 加工																																																		
heat treating 热处理																																																		
Processing Electrode 電極加工																																																		
EDM Process 放電加工																																																		
Wire Cut Process 線切割																																																		
Polishing 省模																																																		
Fitting、Assembly 配模 組裝																																																		
Test Shot 試模																																													T1						
Inspection 檢測																																																		
Amendment Dimension 修正尺寸																																																		
Polishing/texture 抛光/晒纹																																																		

planing (计划）

processing （实际）

completed （完成）
